

FYF 2017 RULES AND INFORMATION

Thank you for joining us. I hope that you have a wonderful experience.

To ensure everything runs as smoothly as possible and that we can all have a great week, please read and familiarize yourself with the following information.

- ****Honor schedule times****. _Plan to be at the Main Lodge 15 minutes prior to listed departure time. The schedule can be found on this APP as well as posted in the Main Lodge. Schedule is subject to change.
- ****Contact Cris**** if you are going to miss a part of the day. If you want to sleep in, that is fine, we just need to know you will not be joining us. NOTE: If you miss the morning departure, we will not be able to come back and get you.
- ****Sack Lunches/Food**** You have already paid for 2 meals a day. Food items will be available for you to prepare a sack lunch. Breakfast will be available each day. You will be responsible for some meals.
- ****Call Signs & Radios.**** At FYF we use two-way radios/Beartooth device to communicate in the park(cell service is spotty). Take the radio with you each day and keep on your person when on hikes. Groups do get separated and we need to be able to contact each other. We use call signs instead of names to reach each other. Instead of Cris Duncan, I am Charlie Delta. A call sign alphabet can be found in this APP.
- ****Questions?*** Please use the contact feature in the app to get a hold of Cris. NOTE: many areas may not have network connectivity.
- ****Stay with your assigned vehicle.**** Each day, you will be assigned a vehicle. Do not vehicle swap while in the park. This is the only way we know where everyone is. We do not want anyone to be stranded.
- ****Be Flexible**** At home you may ride shotgun, but this trip you may find yourself in any seat. If you feel that you must always ride in the front seat, you may consider bringing your own vehicle.
- ****Get Rest****
- ****Drink Plenty of Water**** We will be hiking and in some cases at high elevations.
- ****Dress in Layers**** temps can range from the 20s to 70s

- Arlington Camera is providing some loaner gear for our use during FYF_
- ****Lens Checkout .**** Through a lottery you will be able to select a date and time to use the gear available. Make sure to check the schedule before getting any loaner gear for the day.
- ****Lens Checkout 2****. You are responsible for the equipment you checkout. Upon return to the Main Lodge, please check the gear back in. It is fine to share gear while in the park, just remember if you checked it out, you are responsible.
- ****Safety in Groups of 3**** While injury or animal attacks can happen, they are unlikely. To insure your safety, please have a minimum of three in your group.
- ****Create**** Have a great time and soak it all in.
